**DETAILED ACTION**

Claims 15 to 36 are pending in the application.

Receipt is acknowledged of the preliminary amendment filed June 16, 2006, which has been entered in the file.

***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Drawings***

The drawings filed June 16, 2006 are accepted by the examiner.

***Information Disclosure Statement***

The information disclosure statement (IDS) submitted on June 16, 2006 has been considered. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 15 to 36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The term "derivatives" in claims 15 to 36 is indefinite because it is not clear what the compounds are that actually qualified as such. One of ordinary skill in the art could not ascertain and interpret the metes and bounds of the term "derivatives" of exocyclic cycloalkyl-hydrazines and heterocycloalkyl-hydrazines, since one of ordinary skill in the art would clearly recognize that "derivatives" of those compounds in the claims could read on any derivative of the exocyclic cycloalkyl-hydrazines and heterocycloalkyl-hydrazines reacted with another reagent which could have widely varying groups that can be a substituents of the compounds. To overcome this rejection it is suggested that the formula (I) be inserted into claim 15.

In claim 17, the phrase "has the formula" should be replaced with "of the formula".

***Allowable Subject Matter***

Claims 15 to 36 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The references made of record and not relied upon show the state of the art.
